

Thursday Thoughts - The Clean Garage (11-13-2025)

You know that feeling when you walk into a clean garage?

You look around, see everything on the right shelf, and you realize you don't have to fix anything today. You can just... breathe.

That is the actual goal.

It isn't about picking the perfect stock or timing the market. It's the confidence of knowing your money is lined up with the life you're living.

In this industry, we tend to obsess over the numbers. But there is something that never shows up on a spreadsheet: **Clarity.**

It's the ability to look past the daily headlines because you know you have a long-term plan in place.

It's the difference between refreshing the markets on your phone and actually watching your kids across the dinner table.

The headlines are going to get loud—they always do. But the truth is usually somewhere in the middle. That is where the quiet lives.

Stay steady,

— Andrew
