Clients executing a 10b5-1 Plan should keep the following important considerations in mind: (1) 10b5-1 Plans should be approved by the compliance officer or general counsel of the company; (2) A 10b5-1 Plan may require a cessation of trading activities at times when lockups may be necessary to the company (i.e. secondary offerings, pooling transactions, etc.); (3) A 10b5-1 Plan does not generally alter the regulatory requirements (e.g. Rule 144, Section 16, Section 13D) that may otherwise be applicable; (4) 10b5-1 Plans that are modified or terminated early may weaken or lose the benefit of the affirmative defense; (5) Public disclosure of 10b5-1 Plans (e.g., via press release) may be appropriate for some insiders; (6) Most companies will permit 10b5-1 Plans to be implemented only during open window periods; and (7) Morgan Stanley Smith Barney, as well as some issuers, imposes a mandatory waiting period between the execution of the 10b5-1 Plan and the first sale pursuant to the 10b5-1 Plan.
