

Charitable giving is among the highest of human aspirations, woven into the fabric of organizations, countries and societies around the world. While many individuals and families have a deep commitment to philanthropy, charitable giving is not limited to those with significant wealth. Donor advised funds are among the easiest and most tax-advantaged ways to give to charity for donors.

Giving to a donor advised fund does not have to be complex or time-consuming. Morgan Stanley Global Impact Funding Trust, Inc. (MS GIFT) can work with you to:

- Set aside assets for charitable purposes.
- Generate tax advantages immediately.
- Seek growth of the assets.
- Defer selection of specific charities that will receive your grants.
- Maintain decision-making flexibility on the grant recipient, as well as the size, number and timing of grants.
- Multiply your impact by selecting investments that align with your values.

A well-planned and thoughtful approach to charitable giving benefits donors and, more importantly, the charities you care about. This is why you may want to consider the advantages of a donor advised fund (DAF) as part of your overall charitable giving strategy.

"Giving through MS GIFT helps ensure your philanthropic aspirations and objectives will be achieved. From funding medical innovations to educational investments, together we can ensure your legacy lives up to your values."

Melanie Schnoll Begun President, MS GIFT

How a Donor Advised Fund Works

A DAF is a charitable giving vehicle administered by a sponsoring organization such as MS GIFT, a 501(c)(3) public charity. DAFs are structured as 501(c)(3) organizations created with the intent of managing charitable donations on behalf of individuals, families and organizations.

Donors retain advisory privileges over how money should be granted to selected charities.

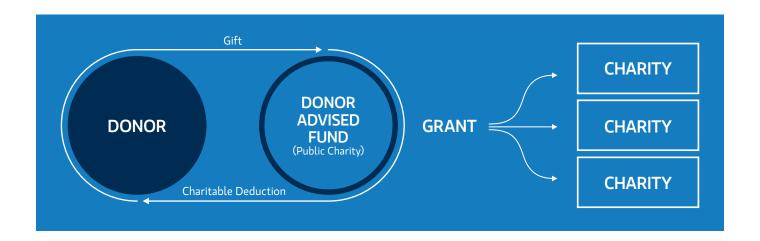

Contributions to a DAF are invested in line with donor preferences and have the potential to grow tax-free while the donor recommends which charities to support.

Given that DAFs are structured as public charities, donors receive the tax benefit up front, even if:

- The donor recommends grants to IRS-qualified public charities in multiple installments over several years.
- Donated assets have not been distributed to the recipient organizations before the end of the taxable year in which the contribution is made to the DAF.
- The donor has not decided to recommend grants to any recipients.

"The extraordinary passion and generosity powering entrepreneurship and philanthropy inspires us every day."

Jed Finn, Head of Morgan Stanley Wealth Management

How a Donor Advised Fund Benefits Donors

Donor advised funds simplify charitable giving. Benefits to donors include:

- **SIMPLICITY.** Contribute to a DAF with cash or appreciated assets and receive an up-front tax deduction.
- PLANNED PHILANTHROPY OVER TIME.
 While assets are held in the DAF,
 donors and their Morgan Stanley
 Financial Advisors can thoroughly
 research areas of charitable interest
 and specific organizations.
- LEGACY CREATION. DAFs are an effective way to coordinate philanthropic giving with succession planning.

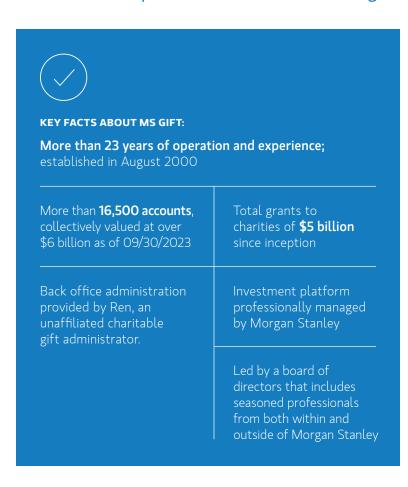

- PROFESSIONAL ASSET MANAGEMENT.
 Contributions are professionally managed and invested, allowing for potential growth of assets.
- ANONYMOUS OR NAMED GIFTING. Grants to other charitable organizations may be made anonymously or by recognizing the donor.
- FLEXIBILITY IN GRANT TIMING AND CHARITY SELECTION. Flexibility is preserved in charity selection and timing of distributions and, should conditions change, reallocation is allowed for planned donations that have not been distributed.
- TAX-ADVANTAGED CONSIDERATIONS.

 The capital gains tax on gifts of appreciated securities and other assets may be mitigated so as to receive potential reductions in estate tax liabilities.
- FLEXIBILITY TO CHOOSE INVESTABLE
 ASSETS. Donors can contribute cash
 and other marketable securities. With
 prior approval, donors can contribute
 illiquid assets such as real estate, art,
 commodities or private company stock.
- **NOT LIMITED TO INDIVIDUALS.** Individuals, families and organizations may contribute to a DAF.

Three Programs for Charitable Giving

Donors wishing to contribute to MS GIFT's donor advised fund program can select the investment platform that aligns with their needs and those of their family, as summarized below:

PROGRAM CHOICE	ASSETS MANAGED BY	MINIMUM CONTRIBUTION
Select UMA	Third-Party Managers, ETFs, Mutual Funds	\$25,000
Portfolio Management	Morgan Stanley Portfolio Manager	\$25,000
NextGen	Third-Party Managers, ETFs, Mutual Funds	\$25,000 parent \$5,000 child

Each of the three programs is further explained below.

Select UMA® Program

Morgan Stanley's Select UMA program is a unified managed account that allows you and your Morgan Stanley Financial Advisor to leverage the firm's expertise at each stage of Consulting Group's investment process.

HOW IT WORKS:

- Contributions to MS GIFT are invested in the Select UMA investment advisory platform.
- The unified managed account combines separately managed accounts, mutual funds and exchange-traded funds in a diversified, cost-effective portfolio.

Portfolio Management (PM) Program

The Portfolio Management Group creates customized investment strategies for high net worth individuals and institutional clients. Our Portfolio Managers are a select group of Morgan Stanley Financial Advisors who are qualified by the firm to manage client assets based on training, experience and commitment to client service.

HOW IT WORKS:

- Contributions to your PM DAF account are managed on a discretionary basis by your Morgan Stanley Portfolio Manager.
- To qualify for this investment option, the initial contribution must be at least \$25,000, and your Morgan Stanley Financial Advisor must be properly certified for the PM program.

NextGen Program

A NextGen DAF welcomes the next generation of philanthropists into financial discussions and decision-making connected to family giving. It is a powerful way to have meaningful intergenerational conversations and encourage next generation members to take an interest in family financial concerns.

HOW IT WORKS:

- With a minimum contribution of \$25,000, you may create a DAF for yourself (if you don't already have one with MS GIFT).
- Then, you can open a related NextGen DAF of at least \$5,000 for a child or young adult—even one under the age of legal majority.
- The NextGen DAF can be replenished, in increments of \$1,000 or more, as donations are decided upon and distributions are made.
- The parents or grandparents, child and Morgan Stanley Financial Advisor work together to determine the recipients, amounts and timing of the donations, making it a family concern that may also make a lifetime impression on the child.
- The account itself may incorporate the child's name.

Investing in the market entails the risk of market volatility. The value of all types of investments may increase or decrease over varying time periods.

Fixed Income investing entails credit risks and interest rate risks. When interest rates rise, bond prices generally fall. The returns on a portfolio consisting primarily of sustainable investments may be lower or higher than a portfolio that is more diversified or where decisions are based solely on investment considerations. Because sustainability criteria exclude some investments, investors may not be able to take advantage of the same opportunities or market trends as investors that do not use such criteria.

Morgan Stanley Smith Barney LLC ("Morgan Stanley"), its affiliates and Morgan Stanley Financial Advisors and Private Wealth Advisors do not provide tax or legal advice. Clients should consult their tax advisor for matters involving taxation and tax planning and their attorney for matters involving trust and estate planning, charitable giving, philanthropic planning and other legal matters.

While we believe that MS GIFT provides a valuable philanthropic opportunity, contributions to MS GIFT are not appropriate for everyone. Other forms of charitable giving may be more appropriate depending on a donor's specific situation. Of critical importance to any person considering making a donation to MS GIFT is the fact that any such donation is an irrevocable contribution. Although donors will have certain rights to make recommendations to MS GIFT as described in the Donor Circular & Disclosure Statement, contributions become the legal property of MS GIFT when donated.

The Donor Circular & Disclosure Statement describes the risks, fees and expenses associated with establishing and maintaining an MS GIFT account. Read it carefully before contributing.

ESG investments in a portfolio may experience performance that is lower or higher than a portfolio not employing such practices. Portfolios with ESG restrictions and strategies as well as ESG investments may not be able to take advantage of the same opportunities or market trends as portfolios where ESG criteria is not applied. There are inconsistent ESG definitions and criteria within the industry, as well as multiple ESG ratings providers that provide ESG ratings of the same subject companies and/or securities that vary among the providers. Certain issuers of investments may have differing and inconsistent views concerning ESG criteria where the ESG claims made in offering documents or other literature may overstate ESG impact. As a result, it is difficult to compare ESG investment products or to evaluate an ESG investment product in comparison to one that does not focus on ESG.
