# Morgan Stanley Total Tax 365

Tax-Efficient Investing. All Year Long.

# Taxes Matter. So Does Planning.

## SAVE ON TAXES. HELPING YOU KEEP MORE OF WHAT YOU EARN.

Taxes can erode portfolio returns, diminish disposable income and impact wealth. Paying less in taxes through proactive tax management strengthens your ability to compound and grow your wealth in order to achieve your goals.

## INTEGRATE TAX PLANNING INTO YOUR INVESTMENT DECISIONS.

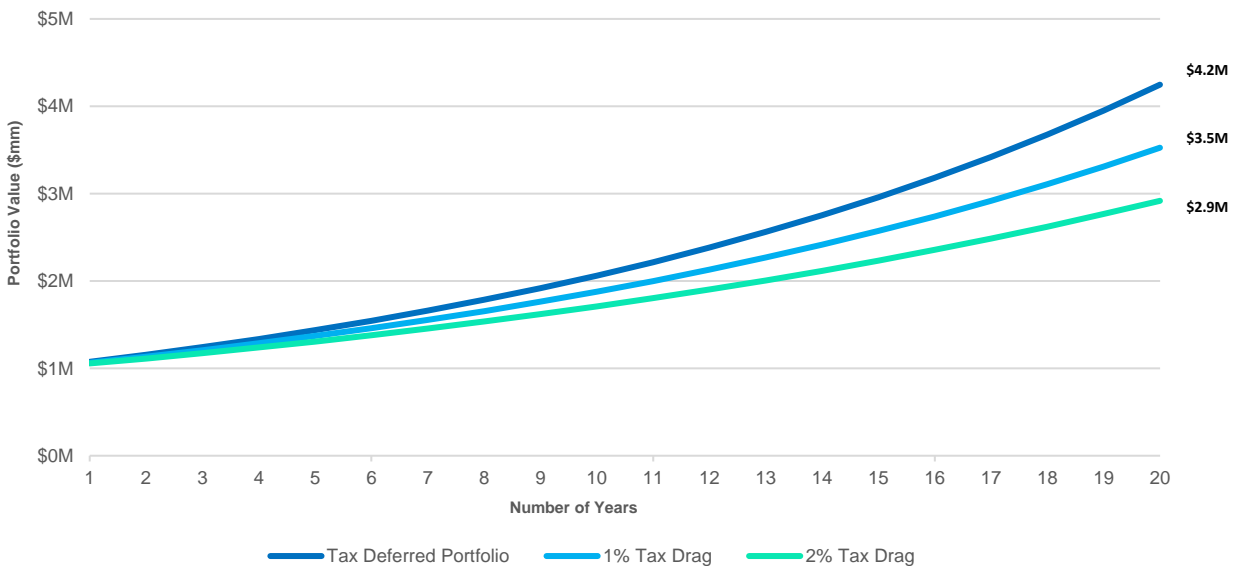

When it comes to tax planning, you need to think ahead—not just at tax time, but throughout the investment process. Tax-smart strategies that adapt investment decisions to actively navigate the shifting tax landscape can help lead to better overall outcomes.

## PRIORITIZE YOUR AFTER-TAX RETURNS.

Taxes act as a drag on your account that often will be heavier than any other fee you pay. But they are also the easiest to reduce, whether by deferring and/or harvesting losses to offset current gains or re-locating assets (tax-deferred vs taxable accounts).

Because tax rates, brackets and filing status are known but not static, active tax management can help mitigate your exposure and help you build wealth faster over time.

## Taxes can have a significant impact on your future wealth\*

For illustrative purposes only. The above hypothetical analysis compares a base portfolio that assumes a 7.5% annual return with two other portfolios with reduced annual returns of 6.5% and 5.5% over a 20-year period. The portfolios with reduced returns are meant to demonstrate the long-term effects of even a small amount of compounded annual return loss due to tax-inefficiency. Actual results may be influenced by more complex factors.

## Disclosures

\*The actual value of your investment will fluctuate based on market conditions. This is a hypothetical illustration and not meant to represent an actual investment strategy. Taxes may be due at some point in the future and tax rates may be different when they are. The hypothetical illustration shown is gross of any fees and expenses a client may experience. Investing involves risk and you may incur a profit or loss regardless of strategy selected.

This material is not a solicitation of any offer to buy or sell any security or other financial instrument or to participate in any trading strategy. It has been prepared for informational purposes only. It does not provide individually tailored investment advice. It has been prepared without regard to the individual financial circumstances and objectives of persons who receive it. Morgan Stanley Smith Barney LLC (“Morgan Stanley”) recommends that investors independently evaluate particular investments and strategies and encourages investors to seek the advice of a Morgan Stanley Financial Advisor. The appropriateness of a particular investment or strategy will depend on an investor’s individual circumstances and objectives.

When Morgan Stanley Smith Barney LLC, its affiliates and Morgan Stanley Financial Advisors and Private Wealth Advisors (collectively, “Morgan Stanley”) provide “investment advice” regarding a retirement or welfare benefit plan account, an individual retirement account or a Coverdell education savings account (“Retirement Account”), Morgan Stanley is a “fiduciary” as those terms are defined under the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), and/or the Internal Revenue Code of 1986 (the “Code”), as applicable. When Morgan Stanley provides investment education, takes orders on an unsolicited basis or otherwise does not provide “investment advice”, Morgan Stanley will not be considered a “fiduciary” under ERISA and/or the Code. For more information regarding Morgan Stanley’s role with respect to a Retirement Account, please visit [www.morganstanley.com/disclosures/dol](http://www.morganstanley.com/disclosures/dol). Tax laws are complex and subject to change. Morgan Stanley does not provide tax or legal advice. Individuals are encouraged to consult their tax and legal advisors (a) before establishing a Retirement Account, and (b) regarding any potential tax, ERISA and related consequences of any investments or other transactions made with respect to a Retirement Account.

Exchange funds are private placement vehicles that enable holders of concentrated single-stock positions to exchange those stocks for a diversified portfolio. Investors may benefit from greater diversification by exchanging a concentrated stock position for fund shares without triggering a taxable event. These funds are available only to qualified investors and may only be offered by Financial Advisors who are qualified to sell alternative investments. Before investing, investors should consider the following: Dividends are pooled. Investors may forfeit their stock voting rights. Investment may be illiquid for several years. Investments may be leveraged or contain derivatives. Significant early redemption fees may apply. Changes to the U.S. tax code, which could be retroactive (potentially disallowing the favorable tax treatment of exchange funds). Investment risk and potential loss of principal

Diversification does not guarantee a profit or protect against loss in a declining financial market.

Morgan Stanley Wealth Management is a business of Morgan Stanley Smith Barney LLC.
