The strategies and/or investments discussed in this material may not be appropriate for all investors. The appropriateness of a particular investment or strategy will depend on an investor's individual circumstances and objectives.

When Morgan Stanley Smith Barney LLC, its affiliates and Morgan Stanley Financial Advisors and Private Wealth Advisors (collectively, "Morgan Stanley") provide "investment advice" regarding a retirement or welfare benefit plan account, an individual retirement account or a Coverdell education savings account ("Retirement Account"), Morgan Stanley is a "fiduciary" as those terms are defined under the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and/or the Internal Revenue Code of 1986 (the "Code"), as applicable.

When Morgan Stanley provides investment education, takes orders on an unsolicited basis or otherwise does not provide "investment advice", Morgan Stanley will not be considered a "fiduciary" under ERISA and/or the Code. For more information regarding Morgan Stanley's role with respect to a Retirement Account, please visit www.morganstanley.com/disclosures/dol. Tax laws are complex and subject to change. Morgan Stanley does not provide tax or legal advice. Individuals are encouraged to consult their tax and legal advisors (a) before establishing a Retirement Account, and (b) regarding any potential tax, ERISA and related consequences of any investments or other transactions made with respect to a Retirement Account.

Individuals executing a 10b5-1 trading plan should keep the following important considerations in mind: (1) 10b5-1 trading plans should be approved by the compliance officer or general counsel of the individual's company. (2) A 10b5-1 trading plan may require a cessation of trading activities at times when lockups may be necessary to the company (i.e., secondary offerings, pooling transactions, etc.). (3) A 10b5-1 trading plan does not generally alter the restricted stock or other regulatory requirements (e.g., Rule 144, Section 16, Section 13) that may otherwise be applicable. (4) 10b5-1 trading plans that are modified or terminated early may weaken or cause the individual to lose the benefit of the affirmative defense. (5) Public disclosure of 10b5-1 trading plans (e.g., via press release) may be appropriate for some individuals. (6) Most companies will permit 10b5-1 trading plans to be entered into only during open window periods. (7) Morgan Stanley, as well as some issuers, imposes a mandatory waiting period between the execution of a 10b5-1 trading plan and the first sale pursuant to the plan.
