Our Philosophy and Process

At The Wood Group at Morgan Stanley, we help our clients optimize their financial health, so they can focus more on their passions in life. We believe success in achieving important financial goals start with a comprehensive wealth strategy. We work with you to create a personalized wealth strategy to help you achieve your most important financial and life goals. We rely on insights of seasoned investment professionals, a premier trading and execution platform and a full spectrum of investment choices.

Our Investment Philosophy

ASSET ALLOCATION

We find **Managers** that are experienced, outperformers over long periods of time, consistent in their approach, and have an understandable process.

DIVERSIFICATION

We **Diversify** among asset classes, within asset classes, and among managers.

INVESTMENTS

We create a combination of managers and asset classes that will allow **Portfolios** to potentially outperform in down markets and to capture a majority of the performance in up markets.

REBALANCE

We **Rebalance** portfolios at least annually. This will force us to buy low and sell high.

GREED AND EMOTION

Greed and emotion are major detriments to achieving investment goals. We will help you take them out of investing.

LONG TERM

We invest for the **LONG term**. Do not make radical short-term changes to the asset allocation. Be patient with allocations and managers.

The Wood Group: Our Commitment to YOU

As your Financial Advisors, we can help you decide where you want to go – and how to get there.

WE WILL:

- ✓ Take the time to understand **what matters most** to you.
 - ✓ Apply our **experience** in helping clients with similar objectives.
 - ✓ Create a **Financial Plan** based on your **needs and goals**, and help you enact the plan.
 - ✓ **Monitor** your portfolios in an ongoing manner and make recommendations and changes, as necessary.
 - ✓ Provide access to the **extensive resources and intellectual capital** of Morgan Stanley.
 - ✓ Deliver an **exceptional** customer service experience.

Working with YOU

Our work with YOU starts with one or more in-depth, exploratory meetings. We need to understand your unique financial situation so we can offer you the best possible advice and solutions.

When you work with us, you can expect us to:

- Develop a comprehensive financial strategy based on your individual needs.
- Substitute discipline for emotion in the investment process.
- Adjust your holdings in response to new opportunities and risks.

Setting Goals According to Your Needs

Your financial goals often are more complex than managing just your investment accounts. It is now easier for your Financial Advisor and you to work holistically- rather than simply focusing on a collection of accounts. As your life changes, so do your goals- our platform allows you to look across your assets and liabilities to help you adapt your strategy to meet those changing demands.

EARLY / MID-CAREER Goals

- Buy a home
- Have a child
- Build an emergency fund
- Protect family

LATE CAREER Goals

- Buy a larger home
- Send children to college
- Assist aging parents
- Plan for future healthcare
- Plan for retirement

RETIRED Goals

- Meet healthcare and other unforeseen expenses

- Legacy planning

Creating a Financial Plan

Your wealth strategy doesn't just consider your investment objectives. Rather, it is tailored to address the personal life goals you've identified and prioritized.

We can create your personal roadmap to help achieve and protect your goals – a framework that makes the connection between your life goals and your financial resources, and provides a baseline for future discussions.

Choosing a Fiduciary Wisely

If a plan's fiduciary does not have the requisite expertise to carry out certain of its functions (such as investment of the plan's assets), then a fiduciary has a duty to act prudently and should consider hiring a service provider with that professional knowledge.

Diversify plan investments to mitigate the risk of large losses.

Discharge their duties with respect to a plan with the care, skill, prudence, and diligence that a prudent person acting in a similar capacity and familiar with such matters would employ.
