

eAuthorizations

How to Approve Transactions Through Morgan Stanley Online and the Mobile App

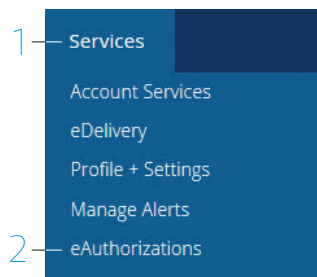

eAuthorizations allows you to approve transactions electronically and securely on Morgan Stanley Online and the Morgan Stanley Mobile App.

STEP 1: ENROLL

1. From Morgan Stanley Online (MSO) navigate to the **Services** tab on the homepage, or using the Morgan Stanley Mobile App, tap **Alerts** from the menu icon in the top-left corner.
2. Select **eAuthorizations**.
3. Select **get started**.
4. Review and acknowledge the eAuthorizations agreement and select **accept and continue**.

Mobile App

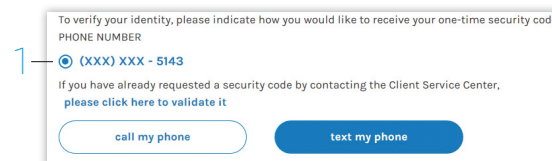

STEP 2: VERIFY

To complete your enrollment you may be prompted to verify your device.

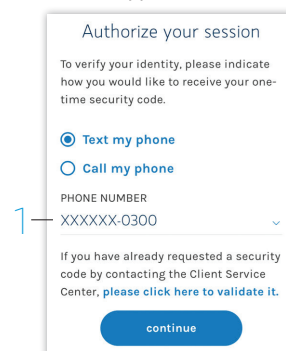

1. Select a phone number and method to receive your security code: **Text my phone** or **Call my phone**. The call option is preferred for international clients.
2. Enter the code received into the **Security Code** field.
3. Select **Authorize**.

Verification is a one-time process, required if you are using an unregistered device. After verifying, you will be asked if you would like to register your device.

STEP 3: APPROVE

To approve an eAuthorizations, follow the steps below:

1. You will receive a notification when the transaction is pending your approval.
2. Select **Alerts** on the right hand side of the MSO homepage or from the dropdown menu icon on the Morgan Stanley Mobile App and then select **eAuthorizations**.
3. Click or tap on the transaction to review the detail and disclosures (if applicable).
4. Select **approve** to authorize the transaction.

Both the push notification and clicking on the email link on your phone will launch the Alerts screen. You will still have to tap eAuthorizations within the Alerts screen to review the transaction.

STEP 4: MANAGE ALERTS

FROM MORGAN STANLEY ONLINE

1. To modify alert settings, hover over the **Services** tab and select **eAuthorizations**.
2. Click and then **Delivery Settings**. Select preferences under eAuthorizations. Click **Update** to save.

FROM THE MOBILE APP

1. To modify notification preferences on your mobile device, tap **Profile + Settings** from the menu icon.
2. Tap **Alerts + Notifications** → **Delivery Methods** → **eAuthorizations**. Tap **Update** to save selections.

You are defaulted into in-app and email alerts. You can opt into push notifications and SMS texts. To opt into the SMS option, you must first tap the 'Enable SMS Notifications' toggle.
